SUBJECT: Product Info – R410A Siesta Sky Air indoor unit abolishment

Dear Madam/Sir,

Due to streamlining activities in DAMA factory, several units produced in DAMA factory will be phased out.

This includes the following ABQ-C and AHQ-C indoor units used for the R410-A Siesta Sky Air series.

• **ABQ100/125/140CV1**

• **AHQ71/100/125/140CV1**

These units will not be produced anymore and only units in stock are possible for sell-out.

The free stock (as of 17/05/'21) is the following:

Material name	Free stock quantity	unit
ABQ100C	37	
ABQ125C	84	
ABQ140C	32	
AHQ71C	95	
AHQ100C	1	
AHQ125C	2	
AHQ140C	13	

In replacement of the above units you can use the following:

1. R-32 Active series (ducted type)
2. R-32 Advance series (duct and ceiling suspended type)

Availability

Units will stop production and no new orders can be placed.

Spare part support will still continue as usual.

Stock sell-out can happen until full depletion.

For more details on availability please contact your local supply center.

Information herewith provided is subject to change without notice.
