		FNA50A9			
		FNA60A9			

Please note that current and previous combination tables are still valid and this update does not have any impact on product specifications and system limitations compared to what is valid today.

All other rules applicable for this type of combination are still valid and in case there is an equivalent VRV indoor unit, then please use this one.

In case you have any questions or remarks on this matter, do not hesitate to raise a ticket via the Daikin Europe Marketing Support desk at <http://marketing.daikineurope.com>.
