### Proven Innovation

SunPower Maxeon cells are proven across five product generations and more than 3.5 billion cells shipped.

### Fundamentally Different, and Better

Only Maxeon panels combine the highest power efficiency<sup>1</sup> with unmatched reliability and the lowest degradation rate in the solar industry.<sup>2</sup>

The SunPower Complete Confidence Warranty provides industry-leading 25-year power, product and service coverage. Each panel is manufactured with absolute confidence to deliver more energy, reliability and savings over time - backed by extensive third party testing and field data from more than 35 million SunPower panels deployed worldwide.

### Power

Highest power output protection in the solar industry: 92% in year 25.<sup>3</sup>

### Product

Coverage for defects related to workmanship and materials for 25 years, versus the typical 10-year warranty of conventional panels.

### Service

Repair, replacement or reimbursement for any defective panel for 25 years, hassle-free. See warranty terms for applicable countries.<sup>4</sup>

## Demand Better Solar

For over 35 years, SunPower panels have pushed the boundaries of solar innovation. From record-setting technology, to industry-leading design and engineering, to the first-rate customer experience SunPower partners deliver every day. SunPower panels are highly bankable technology recognized by the industry's most renowned advisors and backed by a solid global company. The lead investor in SunPower panel technology is TOTAL, the world's 6th largest public energy company<sup>5</sup>. We constantly demand more of ourselves, because you deserve all the advantages that better solar can provide.

## Predictable Results for Peace of Mind
